**anti-IL-25 antibody (AA 70-120) (AbBy Fluor® 594)**[Go to Product page](#)

## Overview

|                      |                                                      |
|----------------------|------------------------------------------------------|
| Quantity:            | 100 µL                                               |
| Target:              | IL-25 (IL25)                                         |
| Binding Specificity: | AA 70-120                                            |
| Reactivity:          | Human, Mouse, Rat                                    |
| Host:                | Rabbit                                               |
| Clonality:           | Polyclonal                                           |
| Conjugate:           | This IL-25 antibody is conjugated to AbBy Fluor® 594 |
| Application:         | Western Blotting (WB)                                |

## Product Details

|                       |                                                            |
|-----------------------|------------------------------------------------------------|
| Immunogen:            | KLH conjugated synthetic peptide derived from human IL-17E |
| Isotype:              | IgG                                                        |
| Cross-Reactivity:     | Mouse, Rat                                                 |
| Predicted Reactivity: | Human,Dog,Cow,Sheep,Pig,Horse,Rabbit                       |
| Purification:         | Purified by Protein A.                                     |

## Target Details

|                   |                                                                                         |
|-------------------|-----------------------------------------------------------------------------------------|
| Target:           | IL-25 (IL25)                                                                            |
| Alternative Name: | IL-17E/ IL-25 ( <a href="#">IL25 Products</a> )                                         |
| Background:       | Synonyms: IL17E, Interleukin-25, IL-25, Interleukin-17E, IL-17E, IL25, UNQ3120/PRO10272 |

## Target Details

Background: Induces activation of NF-kappa-B and stimulates production of the proinflammatory chemokine IL-8. Proinflammatory cytokine favoring Th2-type immune responses.

Gene ID: 64806

UniProt: [Q9H293](#)

## Application Details

Application Notes: IF(IHC-P) 1:50-200

Restrictions: For Research Use only

## Handling

Format: Liquid

Concentration: 1 µg/µL

Buffer: Aqueous buffered solution containing 0.01M TBS ( pH 7.4) with 1 % BSA, 0.03 % Proclin300 and 50 % Glycerol.

Preservative: Sodium azide

Precaution of Use: This product contains Sodium azide: a POISONOUS AND HAZARDOUS SUBSTANCE which should be handled by trained staff only.

Storage: -20 °C

Storage Comment: Store at -20°C. Aliquot into multiple vials to avoid repeated freeze-thaw cycles.

Expiry Date: 12 months
