Datasheet for ABIN2850867 anti-BCL11B antibody

3 Images

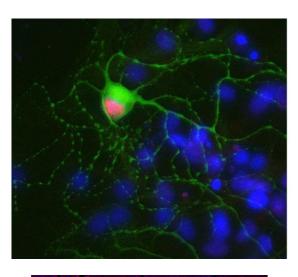

Overview

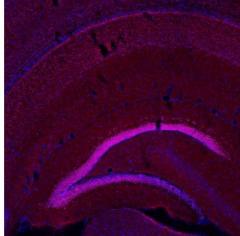

Quantity:	50 µg
Target:	BCL11B
Reactivity:	Mouse, Rat
Host:	Rabbit
Clonality:	Polyclonal
Application:	Immunohistochemistry (IHC), Immunocytochemistry (ICC)
Product Details	
Purification:	affinity purified antibody
Target Details	
Target:	BCL11B
Alternative Name:	Ctip 2 (BCL11B Products)
Background:	Synonyms: Bcl 11b
Application Details	
Application Notes:	Optimal working dilution should be determined by the investigator. It is not recommended to
	use this product in WB. This product is not tested in IP yet.
Restrictions:	For Research Use only

All rights reserved. Handling

Format:	Lyophilized
Reconstitution:	For reconstitution add 200 μL H2O, then aliquot and store at -20 °C until use.
Buffer:	PBS
Handling Advice:	Affinity purified antibodies are less robust than antisera, since protease inhibitors are also removed during purification. Hence, storage at 4 °C for prolonged periods (i.e. several weeks), is not recommended.
Storage:	-20 °C
Storage Comment:	Unlabeled lyophilized antibodies are stable in this form without loss of quality at ambient temperatures for several weeks or even months. They can be stored at 4°C for several years. Lyophilized antibodies must not be stored in the freezer, they may be destroyed!
