## Overview

|                      |                                      |
|----------------------|--------------------------------------|
| Quantity:            | 200 µg                               |
| Target:              | PARD3                                |
| Binding Specificity: | AA 352-374                           |
| Reactivity:          | Human                                |
| Host:                | Rabbit                               |
| Clonality:           | Polyclonal                           |
| Conjugate:           | This PARD3 antibody is un-conjugated |
| Application:         | Western Blotting (WB)                |

## Product Details

|               |                                                  |
|---------------|--------------------------------------------------|
| Immunogen:    | 5-10 mg of > 70% pure peptide conjugated to KLH. |
| Isotype:      | IgG                                              |
| Purification: | Purified IgG                                     |

## Target Details

|                   |                                                 |
|-------------------|-------------------------------------------------|
| Target:           | PARD3                                           |
| Alternative Name: | PAR-3 ( <a href="#">PARD3 Products</a> )        |
| Pathways:         | <a href="#">Cell-Cell Junction Organization</a> |

Application Details

---

Restrictions: For Research Use only

Handling

---

Storage: 4 °C,-20 °C

---

Storage Comment: Store antibodies at 2-4°C before and at -20°C after rehydration. The product is stable for approximately 3-6 weeks after rehydration at -20°C or below.
