| Quantity:            | 100 μL   |
|----------------------|--|
| Target:              | ENPP2  |
| Binding Specificity: | AA 369-391                                       |
| Reactivity:          | Human, Mouse                                     |
| Host:                | Rabbit   |
| Clonality:           | Polyclonal                                       |
| Conjugate:           | This ENPP2 antibody is un-conjugated             |
| Application:         | Immunohistochemistry (IHC)                       |
| Product Details      |  |
| Immunogen:           | 5-10 mg of > 70% pure peptide conjugated to KLH. |
| Purification:        | unpurified serum                                 |
| Target Details       |  |
| Target:              | ENPP2  |
| Alternative Name:    | Autotaxin (ATX) (ENPP2 Products)                 |
|                      |  |

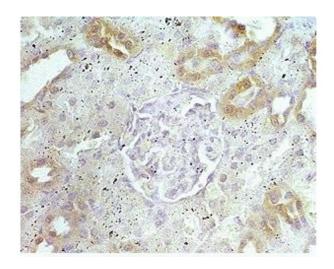

For Research Use only

Optimal working dilution should be determined by the investigator.

### Handling

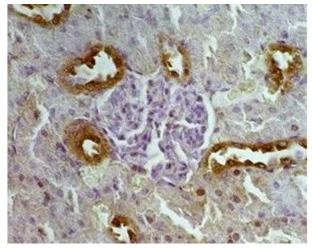

| Format:          | Liquid   |
|------------------|--|
| Storage:         | 4 °C,-20 °C  |
| Storage Comment: | Store antibodies at 2-4°C before and at -20°C after rehydration. The product is stable for |
|                  | approximately 3-6 weeks after rehydration at -20°C or below.                               |
