## Overview

|                      |                                      |
|----------------------|--------------------------------------|
| Quantity:            | 100 µL                               |
| Target:              | ENPP2                                |
| Binding Specificity: | AA 754-783                           |
| Reactivity:          | Human, Mouse                         |
| Host:                | Rabbit                               |
| Clonality:           | Polyclonal                           |
| Conjugate:           | This ENPP2 antibody is un-conjugated |
| Application:         | Immunohistochemistry (IHC)           |

## Product Details

|               |                                                  |
|---------------|--------------------------------------------------|
| Immunogen:    | 5-10 mg of > 70% pure peptide conjugated to KLH. |
| Purification: | unpurified serum                                 |

## Target Details

|                   |                 |
|-------------------|-----------------|
| Target:           | ENPP2           |
| Alternative Name: | Autotaxin (ATX) |

## Application Details

|                    |                                                                    |
|--------------------|--------------------------------------------------------------------|
| Application Notes: | Optimal working dilution should be determined by the investigator. |
| Restrictions:      | For Research Use only                                              |

## Handling

---

Format: Liquid

---

Storage: 4 °C,-20 °C

---

Storage Comment: Store antibodies at 2-4°C before and at -20°C after rehydration. The product is stable for approximately 3-6 weeks after rehydration at -20°C or below.
