## Datasheet for ABIN2872831 **anti-OXM antibody (Biotin)**

### Overview

|             |   |
|-------------|---|
| Quantity:   | 100 µL                                    |
| Target:     | OXM                                       |
| Reactivity: | Pig                                       |
| Host:       | Rabbit                                    |
| Clonality:  | Polyclonal                                |
| Conjugate:  | This OXM antibody is conjugated to Biotin |

### Product Details

|                  |  |
|------------------|--|
| Isotype:         | IgG  |
| Characteristics: | Full Name: Oxyntomodulin (Porcine) Biotin Labeled Purified IgG |
| Purification:    | Purified IgG   |

### Target Details

|                   |  |
|-------------------|--|
| Target:           | OXM  |
| Alternative Name: | Oxyntomodulin ( <a href="#">OXM Products</a> ) |

### Application Details

|               |                       |
|---------------|-----------------------|
| Restrictions: | For Research Use only |
|---------------|-----------------------|

### Handling

|         |        |
|---------|--------|
| Format: | Liquid |
|---------|--------|

## Handling

---

Storage: 4 °C,-80 °C

---

Storage Comment: Store at 2 to 4°C before hydration and at -70°C after rehydration. Most peptides are stable for approximately 3-6 month after rehydration. Typically, any peptide containing Tryptophane, Cystein and Methionine can be easily oxidized and are therefore less stable.
