**anti-Chlamydia Trachomatis antibody (FITC)**[Go to Product page](#)**2** Publications

## Overview

Quantity:	1 mL
Target:	Chlamydia Trachomatis
Reactivity:	Chlamydia trachomatis
Host:	Rabbit
Clonality:	Polyclonal
Conjugate:	This Chlamydia Trachomatis antibody is conjugated to FITC
Application:	Please inquire

## Product Details

Immunogen:	Chlamydia trachomatis antibody (FITC) was raised in rabbit using L2 and other serovar groups as the immunogen.
------------	--

## Target Details

Target:	Chlamydia Trachomatis
Abstract:	<a href="#">Chlamydia Trachomatis Products</a>
Target Type:	Bacteria

## Application Details

Restrictions:	For Research Use only
---------------	-----------------------

## Handling

---

Format:	Liquid
Concentration:	Lot specific
Buffer:	Liquid In PBS pH 7.2 with 1 % BSA and 0.002 % thimerosal.
Precaution of Use:	This product contains sodium azide as preservative. Although the amount of sodium azide is very small appropriate care must be taken when handling this product.
Handling Advice:	Avoid repeated freeze/thaw cycles
Storage:	-20 °C
Storage Comment:	Store at 4 °C for short term storage. Aliquot and store at -20 °C for long term storage.
