

Datasheet for ABIN2878144  
**anti-TUBGCP3 antibody (Asp238)**

[Go to Product page](#)

## Overview

|                      |                                                   |
|----------------------|---------------------------------------------------|
| Quantity:            | 100 µL                                            |
| Target:              | TUBGCP3                                           |
| Binding Specificity: | Asp238                                            |
| Reactivity:          | Human, Mouse                                      |
| Host:                | Rabbit                                            |
| Clonality:           | Polyclonal                                        |
| Conjugate:           | This TUBGCP3 antibody is un-conjugated            |
| Application:         | Western Blotting (WB), Immunohistochemistry (IHC) |

## Product Details

|               |                                                         |
|---------------|---------------------------------------------------------|
| Immunogen:    | Synthetic peptide around Asp238 of human GCP3 / TUBGCP3 |
|               | Type of Immunogen: Synthetic peptide                    |
| Specificity:  | Human GCP3 / TUBGCP3                                    |
| Purification: | Immunoaffinity purified                                 |

## Target Details

|                   |                                                     |
|-------------------|-----------------------------------------------------|
| Target:           | TUBGCP3                                             |
| Alternative Name: | GCP3 / TUBGCP3 ( <a href="#">TUBGCP3 Products</a> ) |
| Background:       | Name/Gene ID: TUBGCP3                               |

## Target Details

|           |                                                                                |
|-----------|--------------------------------------------------------------------------------|
|           | Synonyms: TUBGCP3, GCP3, H104p, GCP-3, HGrip104, SPBC98, Spc98p, HGCP3, HSpc98 |
| Gene ID:  | 10426                                                                          |
| UniProt:  | <a href="#">Q96CW5</a>                                                         |
| Pathways: | <a href="#">M Phase</a> , <a href="#">SARS-CoV-2 Protein Interactome</a>       |

## Application Details

|                    |                                                                    |
|--------------------|--------------------------------------------------------------------|
| Application Notes: | Optimal working dilution should be determined by the investigator. |
| Comment:           | Target Species of Antibody: Human                                  |
| Restrictions:      | For Research Use only                                              |

## Handling

|                    |                                                                                                                        |
|--------------------|------------------------------------------------------------------------------------------------------------------------|
| Format:            | Liquid                                                                                                                 |
| Concentration:     | Lot specific                                                                                                           |
| Buffer:            | PBS, pH 7.2, 0.05 % sodium azide                                                                                       |
| Preservative:      | Sodium azide                                                                                                           |
| Precaution of Use: | This product contains Sodium azide: a POISONOUS AND HAZARDOUS SUBSTANCE which should be handled by trained staff only. |
| Handling Advice:   | Avoid repeated freezing and thawing.                                                                                   |
| Storage:           | 4 °C, -20 °C                                                                                                           |
| Storage Comment:   | Store at 4°C short term. Aliquot and store at -20°C long term. Avoid freeze-thaw cycles.                               |
