## Overview

|                      |                                                                                                                       |
|----------------------|-----------------------------------------------------------------------------------------------------------------------|
| Quantity:            | 50 µL                                                                                                                 |
| Target:              | PRP19 (PRPF19)                                                                                                        |
| Binding Specificity: | AA 171-220                                                                                                            |
| Reactivity:          | Human, Mouse, Rat                                                                                                     |
| Host:                | Rabbit                                                                                                                |
| Clonality:           | Polyclonal                                                                                                            |
| Conjugate:           | This PRP19 antibody is un-conjugated                                                                                  |
| Application:         | Western Blotting (WB), Immunohistochemistry (IHC), ELISA, Immunohistochemistry (Paraffin-embedded Sections) (IHC (p)) |

## Product Details

|               |                                                                                              |
|---------------|----------------------------------------------------------------------------------------------|
| Brand:        | IHC-plus™                                                                                    |
| Immunogen:    | Synthetic peptide from human PRPF19 (aa171-220).<br><br>Type of Immunogen: Synthetic peptide |
| Isotype:      | IgG                                                                                          |
| Specificity:  | PRPF19 Antibody detects endogenous levels of total PRPF19 protein.                           |
| Purification: | Immunoaffinity purified                                                                      |

## Target Details

|         |                |
|---------|----------------|
| Target: | PRP19 (PRPF19) |
|---------|----------------|

## Target Details

|                   |                                                                                                                                                                                                 |
|-------------------|-------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Alternative Name: | PRPF19 / PRP19 ( <a href="#">PRPF19 Products</a> )                                                                                                                                              |
| Background:       | Name/Gene ID: PRPF19<br><br>Synonyms: PRPF19, HPSO4, Senescence evasion factor, NMP200, Nuclear matrix protein 200, Pre-mRNA-processing factor 19, PRP19/PSO4 homolog, PRP19, PSO4, SNEV, UBOX4 |
| Gene ID:          | 27339                                                                                                                                                                                           |
| Pathways:         | <a href="#">Ribonucleoprotein Complex Subunit Organization</a>                                                                                                                                  |

## Application Details

|                    |                                                                            |
|--------------------|----------------------------------------------------------------------------|
| Application Notes: | Approved: IHC, IHC-P (1:100), Peptide-ELISA (1:40000), WB (1:500 - 1:1000) |
| Comment:           | Target Species of Antibody: Human                                          |
| Restrictions:      | For Research Use only                                                      |

## Handling

|                    |                                                                                                                        |
|--------------------|------------------------------------------------------------------------------------------------------------------------|
| Format:            | Liquid                                                                                                                 |
| Concentration:     | Lot specific                                                                                                           |
| Buffer:            | PBS (without Mg <sup>2+</sup> , Ca <sup>2+</sup> ), pH 7.4, 150 mM sodium chloride, 0.02 % sodium azide, 50 % glycerol |
| Preservative:      | Sodium azide                                                                                                           |
| Precaution of Use: | This product contains Sodium azide: a POISONOUS AND HAZARDOUS SUBSTANCE which should be handled by trained staff only. |
| Storage:           | -20 °C                                                                                                                 |
| Storage Comment:   | Store at -20°C for up to 1 year.                                                                                       |
| Expiry Date:       | 12 months                                                                                                              |
