## Overview

|                      |                                       |
|----------------------|---------------------------------------|
| Quantity:            | 100 µL                                |
| Target:              | TNFSF4                                |
| Binding Specificity: | AA 81-130                             |
| Reactivity:          | Human                                 |
| Host:                | Rabbit                                |
| Clonality:           | Polyclonal                            |
| Conjugate:           | This TNFSF4 antibody is un-conjugated |
| Application:         | ELISA, Immunofluorescence (IF)        |

## Product Details

|               |                                                                  |
|---------------|------------------------------------------------------------------|
| Immunogen:    | Synthetic peptide from human TNFL4 (aa81-130).                   |
|               | Type of Immunogen: Synthetic peptide                             |
| Isotype:      | IgG                                                              |
| Specificity:  | TNFL4 Antibody detects endogenous levels of total TNFL4 protein. |
| Purification: | Immunoaffinity purified                                          |

## Target Details

|                   |                                                    |
|-------------------|----------------------------------------------------|
| Target:           | TNFSF4                                             |
| Alternative Name: | TNFSF4 / OX40L ( <a href="#">TNFSF4 Products</a> ) |

## Target Details

|             |                                                                                                                                                                                                                                                                                                                                                                   |
|-------------|-------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Background: | Name/Gene ID: TNFSF4<br>Family: TNF<br><br>Synonyms: TNFSF4, CD134 ligand, CD134L, CD252 antigen, Glycoprotein Gp34, OX-40L, OX40 ligand, TXGP1, OX40L, OX40L, CD252, gp34, OX40 antigen ligand                                                                                                                                                                   |
| Gene ID:    | 7292                                                                                                                                                                                                                                                                                                                                                              |
| UniProt:    | <a href="#">P23510</a>                                                                                                                                                                                                                                                                                                                                            |

## Application Details

|                    |                                                       |
|--------------------|-------------------------------------------------------|
| Application Notes: | Approved: IF (1:100 - 1:500), Peptide-ELISA (1:20000) |
| Comment:           | Target Species of Antibody: Human                     |
| Restrictions:      | For Research Use only                                 |

## Handling

|                    |                                                                                                                        |
|--------------------|------------------------------------------------------------------------------------------------------------------------|
| Format:            | Liquid                                                                                                                 |
| Concentration:     | Lot specific                                                                                                           |
| Buffer:            | PBS, pH 7.4, 150 mM sodium chloride, 0.02 % sodium azide, 50 % glycerol                                                |
| Preservative:      | Sodium azide                                                                                                           |
| Precaution of Use: | This product contains Sodium azide: a POISONOUS AND HAZARDOUS SUBSTANCE which should be handled by trained staff only. |
| Storage:           | -20 °C                                                                                                                 |
| Storage Comment:   | Store at -20°C.                                                                                                        |
