## Overview

|                      |                                     |
|----------------------|-------------------------------------|
| Quantity:            | 100 µL                              |
| Target:              | LRP8                                |
| Binding Specificity: | AA 500-545                          |
| Reactivity:          | Human, Mouse, Rat                   |
| Host:                | Rabbit                              |
| Clonality:           | Polyclonal                          |
| Conjugate:           | This LRP8 antibody is un-conjugated |
| Application:         | Western Blotting (WB)               |

## Product Details

|               |                                                                                                                      |
|---------------|----------------------------------------------------------------------------------------------------------------------|
| Immunogen:    | Synthetic peptide, corresponding to amino acids 500-545 of Human ApoER2.<br><br>Type of Immunogen: Synthetic peptide |
| Specificity:  | Human APOER2 / LRP8.                                                                                                 |
| Purification: | Immunoaffinity purified                                                                                              |

## Target Details

|                   |                                                 |
|-------------------|-------------------------------------------------|
| Target:           | LRP8                                            |
| Alternative Name: | APOER2 / LRP8 ( <a href="#">LRP8 Products</a> ) |
| Background:       | Name/Gene ID: LRP8                              |

### Target Details

|          |                                                                                             |
|----------|---------------------------------------------------------------------------------------------|
|          | Synonyms: LRP8, Apolipoprotein E receptor 2, APOER2, MCI1, HSZ75190, ApoE receptor 2, LRP-8 |
| Gene ID: | 7804                                                                                        |

### Application Details

|                    |                                                                    |
|--------------------|--------------------------------------------------------------------|
| Application Notes: | Optimal working dilution should be determined by the investigator. |
| Comment:           | Target Species of Antibody: Human                                  |
| Restrictions:      | For Research Use only                                              |

### Handling

|                    |                                                                                                                        |
|--------------------|------------------------------------------------------------------------------------------------------------------------|
| Format:            | Liquid                                                                                                                 |
| Concentration:     | Lot specific                                                                                                           |
| Buffer:            | PBS, pH 7.2, 0.05 % sodium azide.                                                                                      |
| Preservative:      | Sodium azide                                                                                                           |
| Precaution of Use: | This product contains Sodium azide: a POISONOUS AND HAZARDOUS SUBSTANCE which should be handled by trained staff only. |
| Handling Advice:   | Avoid freeze-thaw cycles.                                                                                              |
| Storage:           | 4 °C,-20 °C                                                                                                            |
| Storage Comment:   | Store at 4°C short term. Aliquot and store at -20°C long term. Avoid freeze-thaw cycles.                               |
