## Overview

|                      |                                          |
|----------------------|------------------------------------------|
| Quantity:            | 100 µL                                   |
| Target:              | Cyclin D3 (CCND3)                        |
| Binding Specificity: | Gly277                                   |
| Reactivity:          | Human                                    |
| Host:                | Rabbit                                   |
| Clonality:           | Polyclonal                               |
| Conjugate:           | This Cyclin D3 antibody is un-conjugated |
| Application:         | Western Blotting (WB)                    |

## Product Details

|               |                                                    |
|---------------|----------------------------------------------------|
| Immunogen:    | Synthetic peptide around Gly277 of human Cyclin D3 |
|               | Type of Immunogen: Synthetic peptide               |
| Specificity:  | Human Cyclin D3                                    |
| Purification: | Immunoaffinity purified                            |

## Target Details

|                   |                                                      |
|-------------------|------------------------------------------------------|
| Target:           | Cyclin D3 (CCND3)                                    |
| Alternative Name: | CCND3 / Cyclin D3 ( <a href="#">CCND3 Products</a> ) |
| Background:       | Name/Gene ID: CCND3                                  |

## Target Details

|           |                                                                                                                                    |
|-----------|------------------------------------------------------------------------------------------------------------------------------------|
|           | Synonyms: CCND3, D3-type cyclin, G1/S-specific cyclin D3, G1/S-specific cyclin-D3, Cyclin D3                                       |
| Gene ID:  | 896                                                                                                                                |
| UniProt:  | <a href="#">P30281</a>                                                                                                             |
| Pathways: | <a href="#">Cell Division Cycle</a> , <a href="#">Mitotic G1-G1/S Phases</a> , <a href="#">Glycosaminoglycan Metabolic Process</a> |

## Application Details

|                    |                                                                    |
|--------------------|--------------------------------------------------------------------|
| Application Notes: | Optimal working dilution should be determined by the investigator. |
| Comment:           | Target Species of Antibody: Human                                  |
| Restrictions:      | For Research Use only                                              |

## Handling

|                    |                                                                                                                        |
|--------------------|------------------------------------------------------------------------------------------------------------------------|
| Format:            | Liquid                                                                                                                 |
| Concentration:     | Lot specific                                                                                                           |
| Buffer:            | PBS, pH 7.2, 15 mM sodium azide                                                                                        |
| Preservative:      | Sodium azide                                                                                                           |
| Precaution of Use: | This product contains Sodium azide: a POISONOUS AND HAZARDOUS SUBSTANCE which should be handled by trained staff only. |
| Handling Advice:   | Avoid repeated freezing and thawing.                                                                                   |
| Storage:           | 4 °C,-20 °C                                                                                                            |
| Storage Comment:   | Store at 4°C short term. Aliquot and store at -20°C long term. Avoid freeze-thaw cycles.                               |
