

Datasheet for ABIN2892086

**anti-HOXB9 antibody (Arg237)**[Go to Product page](#)

## Overview

|                      |                                                   |
|----------------------|---------------------------------------------------|
| Quantity:            | 100 µL                                            |
| Target:              | HOXB9                                             |
| Binding Specificity: | Arg237                                            |
| Reactivity:          | Human, Mouse                                      |
| Host:                | Rabbit                                            |
| Clonality:           | Polyclonal                                        |
| Conjugate:           | This HOXB9 antibody is un-conjugated              |
| Application:         | Western Blotting (WB), Immunohistochemistry (IHC) |

## Product Details

|               |                                                |
|---------------|------------------------------------------------|
| Immunogen:    | Synthetic peptide around Arg237 of human HOXB9 |
|               | Type of Immunogen: Synthetic peptide           |
| Specificity:  | Human HOXB9                                    |
| Purification: | Immunoaffinity purified                        |

## Target Details

|                   |                                          |
|-------------------|------------------------------------------|
| Target:           | HOXB9                                    |
| Alternative Name: | HOXB9 ( <a href="#">HOXB9 Products</a> ) |
| Background:       | Name/Gene ID: HOXB9                      |

Target Details

|          |                                                                                                                                                            |
|----------|------------------------------------------------------------------------------------------------------------------------------------------------------------|
|          | Synonyms: HOXB9, Homeobox B9, HOX-2.5, Homeo box 2E, Homeobox protein Hox-B9, HOX2E, Homeobox protein Hox-2E, Homeo box B9, Homeobox protein Hox-2.5, HOX2 |
| Gene ID: | 3219                                                                                                                                                       |

Application Details

|                    |                                                                    |
|--------------------|--------------------------------------------------------------------|
| Application Notes: | Optimal working dilution should be determined by the investigator. |
| Comment:           | Target Species of Antibody: Human                                  |
| Restrictions:      | For Research Use only                                              |

Handling

|                    |                                                                                                                        |
|--------------------|------------------------------------------------------------------------------------------------------------------------|
| Format:            | Liquid                                                                                                                 |
| Concentration:     | Lot specific                                                                                                           |
| Buffer:            | PBS, pH 7.2, 0.05 % sodium azide                                                                                       |
| Preservative:      | Sodium azide                                                                                                           |
| Precaution of Use: | This product contains Sodium azide: a POISONOUS AND HAZARDOUS SUBSTANCE which should be handled by trained staff only. |
| Handling Advice:   | Avoid repeated freezing and thawing.                                                                                   |
| Storage:           | 4 °C,-20 °C                                                                                                            |
| Storage Comment:   | Store at 4°C short term. Aliquot and store at -20°C long term. Avoid freeze-thaw cycles.                               |
