## Overview

|                      |                                                                                                                                            |
|----------------------|--------------------------------------------------------------------------------------------------------------------------------------------|
| Quantity:            | 100 µL                                                                                                                                     |
| Target:              | LGALS8                                                                                                                                     |
| Binding Specificity: | Asn82                                                                                                                                      |
| Reactivity:          | Human, Mouse                                                                                                                               |
| Host:                | Rabbit                                                                                                                                     |
| Clonality:           | Polyclonal                                                                                                                                 |
| Conjugate:           | This LGALS8 antibody is un-conjugated                                                                                                      |
| Application:         | Western Blotting (WB), Immunohistochemistry (IHC), Immunofluorescence (IF),<br>Immunohistochemistry (Paraffin-embedded Sections) (IHC (p)) |

## Product Details

|               |                                                             |
|---------------|-------------------------------------------------------------|
| Immunogen:    | Synthetic peptide around Asn82 of human LGALS8 / Galectin-8 |
|               | Type of Immunogen: Synthetic peptide                        |
| Specificity:  | Human LGALS8 / Galectin-8                                   |
| Purification: | Immunoaffinity purified                                     |

## Target Details

|                   |                                                         |
|-------------------|---------------------------------------------------------|
| Target:           | LGALS8                                                  |
| Alternative Name: | LGALS8 / Galectin 8 ( <a href="#">LGALS8 Products</a> ) |
| Background:       | Name/Gene ID: LGALS8                                    |

## Target Details

Family: Lectin

Synonyms: LGALS8, Galectin-8g, Galectin-8, Po66-CBP, PCTA-1, Gal-8, Galectin 8, PCTA1

Gene ID: 3964

UniProt: [O00214](#)

## Application Details

Application Notes: Optimal working dilution should be determined by the investigator.

Comment: Target Species of Antibody: Human

Restrictions: For Research Use only

## Handling

Format: Liquid

Concentration: Lot specific

Buffer: PBS, pH 7.2, 0.05 % sodium azide

Preservative: Sodium azide

Precaution of Use: This product contains Sodium azide: a POISONOUS AND HAZARDOUS SUBSTANCE which should be handled by trained staff only.

Handling Advice: Avoid repeated freezing and thawing.

Storage: 4 °C,-20 °C

Storage Comment: Store at 4°C short term. Aliquot and store at -20°C long term. Avoid freeze-thaw cycles.
