## Overview

|                      |                                                                              |
|----------------------|------------------------------------------------------------------------------|
| Quantity:            | 100 µL                                                                       |
| Target:              | PKM                                                                          |
| Binding Specificity: | AA 2-506                                                                     |
| Reactivity:          | Human                                                                        |
| Host:                | Rabbit                                                                       |
| Clonality:           | Polyclonal                                                                   |
| Conjugate:           | This PKM antibody is un-conjugated                                           |
| Application:         | ELISA, Immunohistochemistry (IHC), Immunofluorescence (fixed cells) (IF/ICC) |

## Product Details

|               |                                                          |
|---------------|----------------------------------------------------------|
| Immunogen:    | Recombinant human Pyruvate kinase PKM protein (2-506AA). |
| Isotype:      | IgG                                                      |
| Purification: | Protein G                                                |

## Target Details

|                   |                                                      |
|-------------------|------------------------------------------------------|
| Target:           | PKM                                                  |
| Alternative Name: | Pyruvate Kinase PKM ( <a href="#">PKM Products</a> ) |
| Gene ID:          | 5315                                                 |
| UniProt:          | <a href="#">P14618</a>                               |
| Pathways:         | <a href="#">Warburg Effect</a>                       |

Application Details

Restrictions: For Research Use only

Handling

Format: Liquid

Buffer: 0.01 M PBS, pH 7.4, 0.03 % Proclin-300 and 50 % Glycerol.

Preservative: ProClin

Precaution of Use: This product contains ProClin: a POISONOUS AND HAZARDOUS SUBSTANCE which should be handled by trained staff only.

Storage: -20 °C,-80 °C

Storage Comment: Aliquot and store at -20 °C or -80 °C. Avoid repeated freeze/thaw cycles.
