

## Datasheet for ABIN2949015 **KLF14 ELISA Kit**

[Go to Product page](#)

### Overview

|                          |                          |
|--------------------------|--------------------------|
| Quantity:                | 96 tests                 |
| Target:                  | KLF14                    |
| Reactivity:              | Human                    |
| Method Type:             | Sandwich ELISA           |
| Detection Range:         | 0.156 nmol/L - 10 nmol/L |
| Minimum Detection Limit: | 0.156 nmol/L             |
| Application:             | ELISA                    |

### Product Details

|                    |                                                                                                        |
|--------------------|--------------------------------------------------------------------------------------------------------|
| Purpose:           | Human Krueppel-like factor 14 ELISA Kit is an ELISA kit against Human Krueppel-like factor 14 (KLF14). |
| Sample Type:       | Plasma, Serum                                                                                          |
| Analytical Method: | Quantitative                                                                                           |
| Detection Method:  | Colorimetric                                                                                           |
| Sensitivity:       | < 0.085 nmol/L                                                                                         |

### Target Details

|                   |                                                            |
|-------------------|------------------------------------------------------------|
| Target:           | KLF14                                                      |
| Alternative Name: | Krueppel-Like Factor 14 ( <a href="#">KLF14 Products</a> ) |

## Application Details

---

|                    |                                                                                                                                                                                                                                                                                                                                                                                                                                                                                         |
|--------------------|-----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Application Notes: | Stability: The stability of the kit is determined by the rate of activity loss. The loss rate is less than 5 % within the expiration date under appropriate storage conditions. To minimize performance fluctuations, operation procedures and lab conditions should be strictly controlled. It is also strongly suggested that the whole assay is performed by the same user throughout. Recommended dilutions: Optimal dilutions/concentrations should be determined by the end user. |
|--------------------|-----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|

---

|        |            |
|--------|------------|
| Plate: | Pre-coated |
|--------|------------|

---

|               |                       |
|---------------|-----------------------|
| Restrictions: | For Research Use only |
|---------------|-----------------------|

---

## Handling

---

|          |             |
|----------|-------------|
| Storage: | 4 °C/-20 °C |
|----------|-------------|

---

|                  |                                                                                       |
|------------------|---------------------------------------------------------------------------------------|
| Storage Comment: | Upon receipt, store the kit according to the storage instruction in the kit's manual. |
|------------------|---------------------------------------------------------------------------------------|

---

|              |          |
|--------------|----------|
| Expiry Date: | 6 months |
|--------------|----------|
