

## Datasheet for ABIN2951196 S-Adenosyl-Methionine ELISA Kit

Overview

| Quantity:                | 96 tests                    |
|--------------------------|-----------------------------|
| Target:                  | S-Adenosyl-Methionine (SAM) |
| Reactivity:              | Various Species             |
| Method Type:             | Competition ELISA           |
| Detection Range:         | 12.35 ng/mL - 1000 ng/mL    |
| Minimum Detection Limit: | 12.35 ng/mL                 |
| Application:             | ELISA                       |

## Product Details

| Purpose:           | S-Adenosyl Methionine ELISA Kit is a ELISA Kit against S-Adenosyl Methionine. |
|--------------------|---|
| Sample Type:       | Cell Culture Supernatant, Cell Lysate, Plasma, Serum, Tissue Homogenate       |
| Analytical Method: | Quantitative  |
| Detection Method:  | Colorimetric  |
| Sensitivity:       | < 4.84 ng/mL  |

## Target Details

| Target:           | S-Adenosyl-Methionine (SAM)          |
|-------------------|--------------------------------------|
| Alternative Name: | S-Adenosyl Methionine (SAM Products) |
| Target Type:      | Chemical                             |

| Application Details |  |
|---------------------|--|
| Application Notes:  | <ul> <li>Stability: The stability of the kit is determined by the rate of activity loss. The loss rate is less</li> <li>than 5 % within the expiration date under appropriate storage conditions. To minimize</li> <li>performance fluctuations, operation procedures and lab conditions should be strictly controlled.</li> <li>It is also strongly suggested that the whole assay is performed by the same user throughout.</li> <li>Recommended dilutions: Optimal dilutions/concentrations should be determined by the end</li> <li>user.</li> <li>Standard Form: Lyophilized</li> </ul> |
| Plate:              | Pre-coated   |
| Restrictions:       | For Research Use only  |
| Handling            |  |
| Storage:            | 4 °C/-20 °C  |
| Storage Comment:    | Upon receipt, store the kit according to the storage instruction in the kit's manual.  |
| Expiry Date:        | 6 months   |
