Datasheet for ABIN2953240

Horseradish Peroxidase (HRP)

Overview

Quantity: 10 mg

Target: HRP

Reactivity: Horseradish

Biological Activity: Active

Product Details

Characteristics: Peroxidase from horseradish, POD is a small molecule. Type VI-A, essentially salt-free, lyophilized powder, 250-330 units/mg solid (using pyrogallol), 950-2000 units/mg solid (using ABTS).

Target Details

Target: HRP

Alternative Name: HRP ([HRP Products](#))

Application Details

Restrictions: For Research Use only
