

Datasheet for ABIN3010183

**IL-17 Protein**[Go to Product page](#)**1** Image

## Overview

|               |                                                                        |
|---------------|------------------------------------------------------------------------|
| Quantity:     | 100 µg                                                                 |
| Target:       | IL-17 (IL17)                                                           |
| Origin:       | Rabbit                                                                 |
| Source:       | Escherichia coli (E. coli)                                             |
| Protein Type: | Recombinant                                                            |
| Application:  | Western Blotting (WB), SDS-PAGE (SDS), ELISA, Immunoprecipitation (IP) |

## Product Details

|                  |                                      |
|------------------|--------------------------------------|
| Characteristics: | Rabbit Interleukin 17 (IL17) Protein |
| Purity:          | > 95 %                               |

## Target Details

|                   |                                                  |
|-------------------|--------------------------------------------------|
| Target:           | IL-17 (IL17)                                     |
| Alternative Name: | Interleukin 17 ( <a href="#">IL17 Products</a> ) |
| Molecular Weight: | 16.8 kDa                                         |
| UniProt:          | <a href="#">G1SLF2</a>                           |

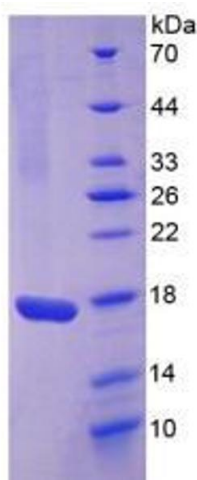

## Application Details

|               |                                                                                                                                            |
|---------------|--------------------------------------------------------------------------------------------------------------------------------------------|
| Comment:      | Please note that the majority of this suppliers proteins are partial length rather than full length.<br>We recommend customers to inquire. |
| Restrictions: | For Research Use only                                                                                                                      |

Handling

|                  |                                                                                                             |
|------------------|-------------------------------------------------------------------------------------------------------------|
| Format:          | Liquid                                                                                                      |
| Concentration:   | 200 µg/mL                                                                                                   |
| Buffer:          | Prior to lyophilization: PBS, pH 7.6, containing 5 % trehalose.                                             |
| Storage:         | 4 °C,-80 °C                                                                                                 |
| Storage Comment: | Store at 2-8 °C for up to one month. Store at -80 °C for up to one year. Avoid repeated freeze/thaw cycles. |
