Herpes Simplex Virus 2 (HSV 2) Extract Ag

[Go to Product page](#)

Overview

Quantity:	1 mL
Target:	Herpes Simplex Virus Type 2 (HSV2)
Reactivity:	Herpes simplex virus type 2
Host:	Herpes simplex Virus (HSV)
Application:	ELISA, Western Blotting (WB)

Product Details

Characteristics:	Source: HSV-2 G Strain
Purification:	Infected cell extract enriched for viral proteins

Target Details

Target:	Herpes Simplex Virus Type 2 (HSV2)
Alternative Name:	Herpes Simplex Virus 2 (HSV 2)
Target Type:	Virus

Application Details

Restrictions:	For Research Use only
---------------	-----------------------

Handling

Format:	Lyophilized
Storage:	-20 °C

Handling

Storage Comment: -20°C
