Datasheet for ABIN3071515
anti-HHV-6 Gp90 antibody

Overview

Quantity:	1 mg
Target:	HHV-6 Gp90 (GP90)
Reactivity:	Human Herpesvirus 6 (HHV-6)
Host:	Mouse
Clonality:	Monoclonal
Application:	Immunoprecipitation (IP), Immunohistochemistry (IHC), Indirect Immunofluorescence Assay (IFA)

Product Details

Purpose:	Mouse Anti-HHV-6 gp90,
Characteristics:	Bacterial/Fungal/Parasitic/Viral Antigens
Purification:	Purified
Purity:	Approx. 90 % pure

Target Details

Target:	HHV-6 Gp90 (GP90)
Alternative Name:	HHV-6 gp90 (GP90 Products)
Target Type:	Viral Protein

Application Details

Application Notes: Suitable for use in Immunohistochemistry and Immunoprecipitation. Not suitable for use in IFA.

Restrictions: For Research Use only

Handling

Storage: -20 °C

Storage Comment: -20°C
