

Datasheet for ABIN3185382  
**anti-TNFSF14 antibody (Internal Region)**

[Go to Product page](#)

## Overview

|                      |                                        |
|----------------------|----------------------------------------|
| Quantity:            | 100 µL                                 |
| Target:              | TNFSF14                                |
| Binding Specificity: | Internal Region                        |
| Reactivity:          | Human, Mouse                           |
| Host:                | Rabbit                                 |
| Clonality:           | Polyclonal                             |
| Conjugate:           | This TNFSF14 antibody is un-conjugated |
| Application:         | ELISA, Immunofluorescence (IF)         |

## Product Details

|                  |                                                                                                                       |
|------------------|-----------------------------------------------------------------------------------------------------------------------|
| Immunogen:       | Synthesized peptide derived from the Internal region of human LIGHT.                                                  |
| Isotype:         | IgG                                                                                                                   |
| Specificity:     | LIGHT Polyclonal Antibody detects endogenous levels of LIGHT protein.                                                 |
| Characteristics: | Rabbit Polyclonal to LIGHT.                                                                                           |
| Purification:    | The antibody was affinity-purified from rabbit antiserum by affinity-chromatography using epitope-specific immunogen. |

## Target Details

|                   |                                            |
|-------------------|--------------------------------------------|
| Target:           | TNFSF14                                    |
| Alternative Name: | LIGHT ( <a href="#">TNFSF14 Products</a> ) |

## Target Details

|                   |                                           |
|-------------------|-------------------------------------------|
| Molecular Weight: | 26.351 kDa                                |
| Gene ID:          | 8740                                      |
| UniProt:          | <a href="#">O43557</a>                    |
| Pathways:         | <a href="#">Cancer Immune Checkpoints</a> |

## Application Details

|                    |                                 |
|--------------------|---------------------------------|
| Application Notes: | IF 1:200-1:1000, ELISA 1:20000, |
| Restrictions:      | For Research Use only           |

## Handling

|                    |                                                                                                                        |
|--------------------|------------------------------------------------------------------------------------------------------------------------|
| Format:            | Liquid                                                                                                                 |
| Concentration:     | 1 mg/mL                                                                                                                |
| Buffer:            | Liquid in PBS containing 50 % glycerol, 0.5 % BSA and 0.02 % sodium azide.                                             |
| Preservative:      | Sodium azide                                                                                                           |
| Precaution of Use: | This product contains Sodium azide: a POISONOUS AND HAZARDOUS SUBSTANCE which should be handled by trained staff only. |
| Handling Advice:   | Avoid repeated freeze/thaw cycles.                                                                                     |
| Storage:           | -20 °C                                                                                                                 |
| Storage Comment:   | Store at -20°C.                                                                                                        |
