## Overview

|                      |                                      |
|----------------------|--------------------------------------|
| Quantity:            | 100 µg                               |
| Target:              | DREAM (KCNIP3)                       |
| Binding Specificity: | AA 26-35                             |
| Reactivity:          | Human                                |
| Host:                | Rabbit                               |
| Clonality:           | Polyclonal                           |
| Conjugate:           | This DREAM antibody is un-conjugated |
| Application:         | Western Blotting (WB)                |

## Product Details

|               |                                                   |
|---------------|---------------------------------------------------|
| Immunogen:    | Peptide corresponding to aa 26-35 of human DREAM. |
|               | Type of Immunogen: Synthetic peptide              |
| Specificity:  | Recognizes human DREAM (31 kD).                   |
| Purification: | Immunoaffinity purified                           |

## Target Details

|                   |                                                                 |
|-------------------|-----------------------------------------------------------------|
| Target:           | DREAM (KCNIP3)                                                  |
| Alternative Name: | KCNIP3 / Dream / Calsenilin ( <a href="#">KCNIP3 Products</a> ) |
| Background:       | Name/Gene ID: KCNIP3                                            |

### Target Details

|          |                                                                             |
|----------|-----------------------------------------------------------------------------|
|          | Synonyms: KCNIP3, Calsenilin, CSEN, DREAM, DRE-antagonist modulator, KCHIP3 |
| Gene ID: | 30818                                                                       |
| UniProt: | <a href="#">Q9Y2W7</a>                                                      |

### Application Details

|                    |                                   |
|--------------------|-----------------------------------|
| Application Notes: | Approved: WB (1:500 - 1:1000)     |
| Comment:           | Target Species of Antibody: Human |
| Restrictions:      | For Research Use only             |

### Handling

|                    |                                                                                                                        |
|--------------------|------------------------------------------------------------------------------------------------------------------------|
| Format:            | Liquid                                                                                                                 |
| Concentration:     | Lot specific                                                                                                           |
| Buffer:            | PBS, pH 7.4, 0.02 % sodium azide                                                                                       |
| Preservative:      | Sodium azide                                                                                                           |
| Precaution of Use: | This product contains Sodium azide: a POISONOUS AND HAZARDOUS SUBSTANCE which should be handled by trained staff only. |
| Handling Advice:   | Avoid repeated freezing and thawing.                                                                                   |
| Storage:           | 4 °C,-20 °C                                                                                                            |
| Storage Comment:   | 4°C or -20°C, Avoid freeze-thaw cycles.                                                                                |
