## Datasheet for ABIN4369458 **anti-Disopyramide antibody**

### Overview

|              |   |
|--------------|---|
| Quantity:    | 100 µg                                      |
| Target:      | Disopyramide                                |
| Host:        | Mouse                                       |
| Clonality:   | Monoclonal                                  |
| Conjugate:   | This Disopyramide antibody is un-conjugated |
| Application: | ELISA, Radioimmunoassay (RIA)               |

### Product Details

|                  |  |
|------------------|--|
| Purpose:         | Mouse monoclonal antibody raised against Disopyramide. |
| Immunogen:       | Disopyramide conjugated with KLH.                      |
| Clone:           | DS11-420-3   |
| Isotype:         | IgG1   |
| Specificity:     | These antibodies specifically recognize disopyramide.  |
| Characteristics: | Antibody Reactive Against Disopyramide.                |

### Target Details

|              |                                       |
|--------------|---------------------------------------|
| Target:      | Disopyramide                          |
| Abstract:    | <a href="#">Disopyramide Products</a> |
| Target Type: | Chemical                              |

Application Details

|                    |  |
|--------------------|--|
| Application Notes: | The optimal working dilution should be determined by the end user. |
| Restrictions:      | For Research Use only  |

Handling

|                  |  |
|------------------|--|
| Format:          | Liquid   |
| Buffer:          | In PBS, pH 7.4   |
| Storage:         | -80 °C   |
| Storage Comment: | Store at -80°C.<br>Aliquot to avoid repeated freezing and thawing. |
