## Overview

|                      |                                      |
|----------------------|--------------------------------------|
| Quantity:            | 100 µL                               |
| Target:              | SETD7                                |
| Binding Specificity: | N-Term                               |
| Reactivity:          | Human, Mouse, Rat                    |
| Host:                | Rabbit                               |
| Clonality:           | Monoclonal                           |
| Conjugate:           | This SETD7 antibody is un-conjugated |
| Application:         | Western Blotting (WB)                |

## Product Details

|               |                                                                                                                                                 |
|---------------|-------------------------------------------------------------------------------------------------------------------------------------------------|
| Immunogen:    | Synthetic peptide (KLH-coupled) corresponding to the amino terminus of the human SET7/SET9 protein.<br><br>Type of Immunogen: Synthetic peptide |
| Isotype:      | IgG                                                                                                                                             |
| Specificity:  | Recognizes rabbit SET7/SET9.                                                                                                                    |
| Purification: | Immunoaffinity purified                                                                                                                         |

## Target Details

|                   |                                              |
|-------------------|----------------------------------------------|
| Target:           | SETD7                                        |
| Alternative Name: | SET7/SET9 ( <a href="#">SETD7 Products</a> ) |

### Target Details

|             |                                    |
|-------------|------------------------------------|
| Background: | This antibody detects: SET7 + SET9 |
|-------------|------------------------------------|

### Application Details

|                    |                                                                                             |
|--------------------|---------------------------------------------------------------------------------------------|
| Application Notes: | Approved: WB (1:1000)<br><br>Usage: Suitable for use in Western Blot. Western Blot: 1:1000. |
| Comment:           | Target Species of Antibody: Human                                                           |
| Restrictions:      | For Research Use only                                                                       |

### Handling

|                    |                                                                                                                        |
|--------------------|------------------------------------------------------------------------------------------------------------------------|
| Format:            | Liquid                                                                                                                 |
| Concentration:     | Lot specific                                                                                                           |
| Buffer:            | 10 mM sodium HEPES, pH 7.5, 150 mM sodium chloride, 100 µg/mL BSA, 50 % glycerol, 0.02 % sodium azide.                 |
| Preservative:      | Sodium azide                                                                                                           |
| Precaution of Use: | This product contains Sodium azide: a POISONOUS AND HAZARDOUS SUBSTANCE which should be handled by trained staff only. |
