### Overview

|                          |                          |
|--------------------------|--------------------------|
| Quantity:                | 96 tests                 |
| Target:                  | NFATC1                   |
| Reactivity:              | Rat                      |
| Method Type:             | Sandwich ELISA           |
| Detection Range:         | 31.25 pg/mL - 2000 pg/mL |
| Minimum Detection Limit: | 31.25 pg/mL              |
| Application:             | ELISA                    |

### Product Details

|                    |                                                      |
|--------------------|------------------------------------------------------|
| Purpose:           | Rat NFATC1 ELISA Kit is an ELISA Kit against NFATC1. |
| Sample Type:       | Plasma, Serum, Tissue Homogenate                     |
| Analytical Method: | Quantitative                                         |
| Detection Method:  | Colorimetric                                         |
| Sensitivity:       | < 18.75 pg/mL                                        |

### Target Details

|                   |                                                                                                                       |
|-------------------|-----------------------------------------------------------------------------------------------------------------------|
| Target:           | NFATC1                                                                                                                |
| Alternative Name: | NFATC1 ( <a href="#">NFATC1 Products</a> )                                                                            |
| Pathways:         | <a href="#">RTK Signaling</a> , <a href="#">WNT Signaling</a> , <a href="#">Fc-epsilon Receptor Signaling Pathway</a> |

Application Details

|                    |                            |
|--------------------|----------------------------|
| Application Notes: | Standard Form: Lyophilized |
| Plate:             | Pre-coated                 |
| Restrictions:      | For Research Use only      |

Handling

|                  |                                                                                       |
|------------------|---------------------------------------------------------------------------------------|
| Storage:         | 4 °C/-20 °C                                                                           |
| Storage Comment: | Upon receipt, store the kit according to the storage instruction in the kit's manual. |
| Expiry Date:     | 6 months                                                                              |
