

Datasheet for ABIN4996546

**anti-ANKRD33B antibody (AA 410-450) (AbBy Fluor® 750)**[Go to Product page](#)

## Overview

|                      |                                                         |
|----------------------|---------------------------------------------------------|
| Quantity:            | 100 µL                                                  |
| Target:              | ANKRD33B                                                |
| Binding Specificity: | AA 410-450                                              |
| Reactivity:          | Human, Mouse, Rat                                       |
| Host:                | Rabbit                                                  |
| Clonality:           | Polyclonal                                              |
| Conjugate:           | This ANKRD33B antibody is conjugated to AbBy Fluor® 750 |
| Application:         | Western Blotting (WB), Flow Cytometry (FACS)            |

## Product Details

|                   |                                                              |
|-------------------|--------------------------------------------------------------|
| Immunogen:        | KLH conjugated synthetic peptide derived from human ANKRD33B |
| Isotype:          | IgG                                                          |
| Cross-Reactivity: | Human, Mouse, Rat                                            |
| Purification:     | Purified by Protein A.                                       |

## Target Details

|                   |                                                                                            |
|-------------------|--------------------------------------------------------------------------------------------|
| Target:           | ANKRD33B                                                                                   |
| Alternative Name: | ANKRD33B ( <a href="#">ANKRD33B Products</a> )                                             |
| Background:       | Synonyms: AN33B_HUMAN, Ankrd33b, Ankyrin repeat domain-containing protein 33B, RGD1564227. |

## Target Details

|          |                        |
|----------|------------------------|
|          | Background: ANKRD33B   |
| Gene ID: | 651746                 |
| UniProt: | <a href="#">A6NCL7</a> |

## Application Details

|                    |                       |
|--------------------|-----------------------|
| Application Notes: | FCM 1:20-100          |
| Restrictions:      | For Research Use only |

## Handling

|                    |                                                                                                                    |
|--------------------|--------------------------------------------------------------------------------------------------------------------|
| Format:            | Liquid                                                                                                             |
| Concentration:     | 1 µg/µL                                                                                                            |
| Buffer:            | Aqueous buffered solution containing 0.01M TBS ( pH 7.4) with 1 % BSA, 0.03 % Proclin300 and 50 % Glycerol.        |
| Preservative:      | ProClin                                                                                                            |
| Precaution of Use: | This product contains ProClin: a POISONOUS AND HAZARDOUS SUBSTANCE, which should be handled by trained staff only. |
| Storage:           | -20 °C                                                                                                             |
| Storage Comment:   | Store at -20°C. Aliquot into multiple vials to avoid repeated freeze-thaw cycles.                                  |
| Expiry Date:       | 12 months                                                                                                          |
