

Datasheet for ABIN5002910

**anti-FRMD4A antibody (AA 281-380) (AbBy Fluor® 750)**[Go to Product page](#)

## Overview

|                      |                                                                                                                                |
|----------------------|--------------------------------------------------------------------------------------------------------------------------------|
| Quantity:            | 100 µL                                                                                                                         |
| Target:              | FRMD4A                                                                                                                         |
| Binding Specificity: | AA 281-380                                                                                                                     |
| Reactivity:          | Human, Rat                                                                                                                     |
| Host:                | Rabbit                                                                                                                         |
| Clonality:           | Polyclonal                                                                                                                     |
| Conjugate:           | This FRMD4A antibody is conjugated to AbBy Fluor® 750                                                                          |
| Application:         | Western Blotting (WB), Immunofluorescence (Cultured Cells) (IF (cc)), Immunofluorescence (Paraffin-embedded Sections) (IF (p)) |

## Product Details

|                       |                                                            |
|-----------------------|------------------------------------------------------------|
| Immunogen:            | KLH conjugated synthetic peptide derived from human FRMD4A |
| Isotype:              | IgG                                                        |
| Cross-Reactivity:     | Human, Rat                                                 |
| Predicted Reactivity: | Mouse,Dog,Cow,Sheep,Horse,Chicken,Rabbit                   |
| Purification:         | Purified by Protein A.                                     |

## Target Details

|                   |                                            |
|-------------------|--------------------------------------------|
| Target:           | FRMD4A                                     |
| Alternative Name: | FRMD4A ( <a href="#">FRMD4A Products</a> ) |

Target Details

Background: Synonyms: FERM domain containing 4A, FERM domain-containing protein 4A, FRM4A\_HUMAN, FRMD4, Frmd4a.  
Background: No data available.

Gene ID: 55691

Application Details

Application Notes: IF(IHC-P) 1:50-200  
IF(IHC-F) 1:50-200  
IF(ICC) 1:50-200

Restrictions: For Research Use only

Handling

Format: Liquid

Concentration: 1 µg/µL

Buffer: Aqueous buffered solution containing 0.01M TBS ( pH 7.4) with 1 % BSA, 0.03 % Proclin300 and 50 % Glycerol.

Preservative: ProClin

Precaution of Use: This product contains ProClin: a POISONOUS AND HAZARDOUS SUBSTANCE, which should be handled by trained staff only.

Storage: -20 °C

Storage Comment: Store at -20°C. Aliquot into multiple vials to avoid repeated freeze-thaw cycles.

Expiry Date: 12 months
