## Overview

|                      |                                      |
|----------------------|--------------------------------------|
| Quantity:            | 50 µg                                |
| Target:              | FOLR1                                |
| Binding Specificity: | AA 1-257                             |
| Reactivity:          | Human                                |
| Host:                | Mouse                                |
| Clonality:           | Polyclonal                           |
| Conjugate:           | This FOLR1 antibody is un-conjugated |
| Application:         | Western Blotting (WB)                |

## Product Details

|                   |                                                                                                                                                                                                                                                                                                                               |
|-------------------|-------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Purpose:          | Mouse polyclonal antibody raised against a full-length human FOLR1 protein.                                                                                                                                                                                                                                                   |
| Immunogen:        | FOLR1 (AAH02947, 1 a.a. ~ 257 a.a) full-length human protein.                                                                                                                                                                                                                                                                 |
| Sequence:         | <p>MAQRMTTQLL LLLVWVAVVG EAQTRIAWAR TELLNVCMA KHHKEKPGPE DKLHEQCRPW</p> <p>RKNACCSTNT SQEAHKDVS YLYRFNWNHCG EMAPACKRHF IQDTCLYECS PNLGPWIIQQV</p> <p>DQSWRKERV LNVPLCKEDCE QWWEDCRTSY TCKSNWHKGW NWTSGFNKCA VGAACQPFHF</p> <p>YFPTPTVLCN EIWTHSYKVS NYSRGSGRCI QMWFDPAQGN PNEEVARFYA AAMSGAGPWA</p> <p>AWPFLLSLAL MLLWLLS</p> |
| Cross-Reactivity: | Human                                                                                                                                                                                                                                                                                                                         |
| Characteristics:  | Antibody reactive against mammalian transfected lysate.                                                                                                                                                                                                                                                                       |

## Target Details

|                   |                                                                                |
|-------------------|--------------------------------------------------------------------------------|
| Target:           | FOLR1                                                                          |
| Alternative Name: | FOLR1 ( <a href="#">FOLR1 Products</a> )                                       |
| Background:       | Full Gene Name: folate receptor 1 (adult)<br>Synonyms: FBP,FOLR,FR-alpha,MOv18 |
| Gene ID:          | 2348                                                                           |
| Pathways:         | <a href="#">Dicarboxylic Acid Transport</a>                                    |

## Application Details

|                    |                                                                    |
|--------------------|--------------------------------------------------------------------|
| Application Notes: | Optimal working dilution should be determined by the investigator. |
| Restrictions:      | For Research Use only                                              |

## Handling

|                  |                                                                          |
|------------------|--------------------------------------------------------------------------|
| Buffer:          | In 1x PBS, pH 7.4                                                        |
| Handling Advice: | Aliquot to avoid repeated freezing and thawing.                          |
| Storage:         | -20 °C                                                                   |
| Storage Comment: | Store at -20°C or lower. Aliquot to avoid repeated freezing and thawing. |
