

# Datasheet for ABIN5509455

# **IL-5 Protein**

### Overview

| Quantity:            | 10 μg                      |
|----------------------|----------------------------|
| Target:              | IL-5 (IL5)                 |
| Origin:              | Rat                        |
| Source:              | Escherichia coli (E. coli) |
| Protein Type:        | Recombinant                |
| Biological Activity: | Active                     |
| Application:         | Functional Studies (Func)  |

## **Product Details**

| Characteristics: | Recombinant Rat IL5                 |
|------------------|-------------------------------------|
| Purity:          | >95 % as determined by SDS-PAGE     |
| Endotoxin Level: | < 1.0 EU of endotoxin/µg of protein |

# Target Details

| Target:           | IL-5 (IL5)  |
|-------------------|---|
| Alternative Name: | IL5 (IL5 Products)  |
| Molecular Weight: | 13  |
| Gene ID:          | 24497   |
| UniProt:          | Q08125  |
| Pathways:         | JAK-STAT Signaling, Positive Regulation of Peptide Hormone Secretion, Production of |

### Molecular Mediator of Immune Response, Feeding Behaviour

### **Application Details**

Storage Comment:

| Application Notes: | Optimal working dilution should be determined by the investigator.  |
|--------------------|---|
| Restrictions:      | For Research Use only   |
| Handling           |   |
| Format:            | Lyophilized   |
| Reconstitution:    | A quick spin of the vial followed by reconstitution in sterile distilled water to a concentration not less than 0.1 mg/mL is recommended. Please note, filter sterilization is a must following reconstitution. This solution can then be diluted into other buffers. |
| Storage:           | 4 °C,-20 °C   |
|                    |   |

freeze/thaw cycles.

The lyophilized protein is stable for at least one year from date of receipt at -70°C. Upon

reconstitution, this cytokine can be stored in working aliquots at 2° - 8°C for one month, or at -

20°C for six months, with a carrier protein without detectable loss of activity. Avoid repeated
