Datasheet for ABIN5518081  
**anti-TMEM150C antibody (C-Term)**

### Overview

|                      |                                                                                 |
|----------------------|---------------------------------------------------------------------------------|
| Quantity:            | 100 µL                                                                          |
| Target:              | TMEM150C                                                                        |
| Binding Specificity: | C-Term                                                                          |
| Reactivity:          | Cow, Guinea Pig, Horse, Human, Dog, Mouse, Rabbit, Rat, Zebrafish (Danio rerio) |
| Host:                | Rabbit                                                                          |
| Clonality:           | Polyclonal                                                                      |
| Application:         | Western Blotting (WB)                                                           |

### Product Details

|                       |                                                                                                                        |
|-----------------------|------------------------------------------------------------------------------------------------------------------------|
| Immunogen:            | The immunogen is a synthetic peptide directed towards the C-terminal region of Human TMEM150C                          |
| Sequence:             | LVMCFLSYFG TFAVEFRHYR YEIVCSEYQE NFLSFSESLS EASEYQTDQV                                                                 |
| Predicted Reactivity: | Cow: 100%, Dog: 100%, Guinea Pig: 100%, Horse: 100%, Human: 100%, Mouse: 100%, Rabbit: 100%, Rat: 100%, Zebrafish: 77% |
| Characteristics:      | This is a rabbit polyclonal antibody against TMEM150C. It was validated on Western Blot.                               |
| Purification:         | Affinity Purified                                                                                                      |

### Target Details

|                   |                                                |
|-------------------|------------------------------------------------|
| Target:           | TMEM150C                                       |
| Alternative Name: | TMEM150C ( <a href="#">TMEM150C Products</a> ) |

## Target Details

---

Background: The function of this protein remains unknown.

Alias Symbols: TMEM150C,

Protein Interaction Partner: UBC,

Protein Size: 180

---

Gene ID: 441027

---

NCBI Accession: [XP\\_005263073](#)

---

## Application Details

---

Application Notes: Optimal working dilution should be determined by the investigator.

---

Restrictions: For Research Use only

---

## Handling

---

Format: Liquid

---

Buffer: Liquid. Purified antibody supplied in 1x PBS buffer with 0.09 % (w/v) sodium azide and 2 % sucrose.

---

Preservative: Sodium azide

---

Precaution of Use: This product contains Sodium azide: a POISONOUS AND HAZARDOUS SUBSTANCE which should be handled by trained staff only.

---

Storage: -20 °C

---

Storage Comment: For short term use, store at 2-8°C up to 1 week. For long term storage, store at -20°C in small aliquots to prevent freeze-thaw cycles.

---
