## anti-Inactivation No Afterpotential D (INAD) antibody (Biotin)

### Overview

Quantity:	100 µg
Target:	Inactivation No Afterpotential D (INAD)
Reactivity:	Drosophila melanogaster
Host:	Rabbit
Clonality:	Polyclonal
Conjugate:	Biotin
Application:	ELISA, Western Blotting (WB), Confocal Microscopy (CM), Immunocytochemistry (ICC), Immunofluorescence (IF), Immunohistochemistry (IHC)

### Product Details

#### Target Details

Target:	Inactivation No Afterpotential D (INAD)
Alternative Name:	inaD ( <a href="#">INAD Products</a> )
UniProt:	<a href="#">Q24008</a>

#### Application Details

Restrictions:	For Research Use only
