## anti-Isocitrate Dehydrogenase antibody (Biotin)

### Overview

Quantity:	100 µg
Target:	Isocitrate Dehydrogenase (IDH)
Reactivity:	Human, Rat, Mouse, Monkey
Host:	Rabbit
Clonality:	Polyclonal
Conjugate:	This Isocitrate Dehydrogenase antibody is conjugated to Biotin
Application:	Western Blotting (WB), Immunofluorescence (IF), ELISA, Immunoprecipitation (IP), Immunohistochemistry (IHC), Confocal Microscopy (CM)

### Product Details

#### Target Details

Target:	Isocitrate Dehydrogenase (IDH)
Alternative Name:	Isocitrate dehydrogenase ( <a href="#">IDH Products</a> )
UniProt:	<a href="#">Q6F137</a>

#### Application Details

Restrictions:	For Research Use only
