Datasheet for ABIN5558527

anti-Baboon antibody (N-Term) (Biotin)

Overview

Quantity:	100 µg
Target:	Baboon
Binding Specificity:	N-Term
Reactivity:	Drosophila melanogaster
Host:	Rabbit
Clonality:	Polyclonal
Conjugate:	This Baboon antibody is conjugated to Biotin
Application:	Immunoprecipitation (IP), Western Blotting (WB), Immunofluorescence (IF), Immunohistochemistry (IHC), ELISA, Confocal Microscopy (CM)

Product Details

Target Details

Target:	Baboon
Abstract:	Baboon Products
Target Type:	Species
UniProt:	Q23975

Application Details

Restrictions:	For Research Use only
