## Overview

|                      |                                                                                                                                                                     |
|----------------------|---------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Quantity:            | 100 µg                                                                                                                                                              |
| Target:              | PDE1A                                                                                                                                                               |
| Binding Specificity: | N-Term                                                                                                                                                              |
| Reactivity:          | Human, Mouse, Rat                                                                                                                                                   |
| Host:                | Rabbit                                                                                                                                                              |
| Clonality:           | Polyclonal                                                                                                                                                          |
| Conjugate:           | This PDE1A antibody is conjugated to Biotin                                                                                                                         |
| Application:         | Western Blotting (WB), ELISA, Immunohistochemistry (IHC), Immunoprecipitation (IP),<br>Immunocytochemistry (ICC), Immunofluorescence (IF), Confocal Microscopy (CM) |

## Product Details

### Target Details

|                   |                                                                                                                                                                                                         |
|-------------------|---------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Target:           | PDE1A                                                                                                                                                                                                   |
| Alternative Name: | PDE1A ( <a href="#">PDE1A Products</a> )                                                                                                                                                                |
| UniProt:          | <a href="#">Q9JLL9</a>                                                                                                                                                                                  |
| Pathways:         | <a href="#">Neurotrophin Signaling Pathway</a> , <a href="#">cAMP Metabolic Process</a> , <a href="#">G-protein mediated Events</a> ,<br><a href="#">Interaction of EGFR with phospholipase C-gamma</a> |

### Application Details

|               |                       |
|---------------|-----------------------|
| Restrictions: | For Research Use only |
|---------------|-----------------------|
