Datasheet for ABIN5558689
anti-KIRREL antibody (N-Term) (Biotin)

Overview

Quantity:	100 µg
Target:	KIRREL (NEPH1)
Binding Specificity:	N-Term
Reactivity:	Rat, Mouse
Host:	Rabbit
Clonality:	Polyclonal
Conjugate:	This KIRREL antibody is conjugated to Biotin
Application:	Western Blotting (WB), ELISA, Immunoprecipitation (IP)

Product Details

Target Details

Target:	KIRREL (NEPH1)
Alternative Name:	KIRREL (NEPH1 Products)
UniProt:	Q80W68
Pathways:	Regulation of Actin Filament Polymerization

Application Details

Restrictions:	For Research Use only
