

## Datasheet for ABIN5559033 **anti-DEAF1 antibody**

[Go to Product page](#)

### Overview

|              |                                                                                    |
|--------------|------------------------------------------------------------------------------------|
| Quantity:    | 100 µg                                                                             |
| Target:      | DEAF1                                                                              |
| Reactivity:  | Human, Mouse, Rat                                                                  |
| Host:        | Rabbit                                                                             |
| Clonality:   | Polyclonal                                                                         |
| Conjugate:   | This DEAF1 antibody is un-conjugated                                               |
| Application: | Western Blotting (WB), ELISA, Immunohistochemistry (IHC), Immunoprecipitation (IP) |

### Product Details

#### Target Details

|                   |                                                                               |
|-------------------|-------------------------------------------------------------------------------|
| Target:           | DEAF1                                                                         |
| Alternative Name: | Deformed Epidermal Autoregulatory Factor 1 ( <a href="#">DEAF1 Products</a> ) |
| UniProt:          | <a href="#">Q9Z1T5</a>                                                        |
| Pathways:         | <a href="#">Tube Formation</a>                                                |

#### Application Details

|               |                       |
|---------------|-----------------------|
| Restrictions: | For Research Use only |
