

Datasheet for ABIN5564900

**anti-Adipsin antibody (AA 21-253) (FITC)**[Go to Product page](#)

## Overview

|                      |                                                                                                          |
|----------------------|----------------------------------------------------------------------------------------------------------|
| Quantity:            | 150 µg                                                                                                   |
| Target:              | Adipsin (CFD)                                                                                            |
| Binding Specificity: | AA 21-253                                                                                                |
| Reactivity:          | Human                                                                                                    |
| Host:                | Rabbit                                                                                                   |
| Clonality:           | Polyclonal                                                                                               |
| Conjugate:           | This Adipsin antibody is conjugated to FITC                                                              |
| Application:         | Immunohistochemistry (IHC), Immunocytochemistry (ICC), Flow Cytometry (FACS),<br>Immunofluorescence (IF) |

## Product Details

|                  |                                                              |
|------------------|--------------------------------------------------------------|
| Brand:           | AssayLite™                                                   |
| Immunogen:       | Human CFD (21-253 aa) expressed in Baculovirus               |
| Characteristics: | Purified antibody validated for specificity and sensitivity. |
| Purification:    | Affinity Purified                                            |

## Target Details

|                   |                                                      |
|-------------------|------------------------------------------------------|
| Target:           | Adipsin (CFD)                                        |
| Alternative Name: | Complement Factor D ( <a href="#">CFD Products</a> ) |
| Gene ID:          | 1675                                                 |

Target Details

Pathways: Complement System

Application Details

Application Notes: Optimal working dilution should be determined by the investigator.

Restrictions: For Research Use only

Handling

Format: Lyophilized

Buffer: Lyophilized from PBS pH 7.4, 20 mg/mL BSA, and 0.02 % Sodium Azide

Preservative: Sodium azide

Precaution of Use: This product contains Sodium azide: a POISONOUS AND HAZARDOUS SUBSTANCE which should be handled by trained staff only.
