## anti-IL-15 antibody (AA 49-162) (FITC)

[Go to Product page](#)

### Overview

|                      |                                                                                                          |
|----------------------|----------------------------------------------------------------------------------------------------------|
| Quantity:            | 150 µg                                                                                                   |
| Target:              | IL-15 (IL15)                                                                                             |
| Binding Specificity: | AA 49-162                                                                                                |
| Reactivity:          | Mouse                                                                                                    |
| Host:                | Rabbit                                                                                                   |
| Clonality:           | Polyclonal                                                                                               |
| Conjugate:           | This IL-15 antibody is conjugated to FITC                                                                |
| Application:         | Immunohistochemistry (IHC), Immunocytochemistry (ICC), Flow Cytometry (FACS),<br>Immunofluorescence (IF) |

### Product Details

|                  |                                                              |
|------------------|--------------------------------------------------------------|
| Brand:           | AssayLite™                                                   |
| Immunogen:       | Mouse Interleukin 15 (49-162 aa) expressed in E. coli.       |
| Characteristics: | Purified antibody validated for specificity and sensitivity. |
| Purification:    | Affinity Purified                                            |

### Target Details

|                   |                                                          |
|-------------------|----------------------------------------------------------|
| Target:           | IL-15 (IL15)                                             |
| Alternative Name: | Interleukin-15 (IL-15) ( <a href="#">IL15 Products</a> ) |
| Gene ID:          | 16168                                                    |

Target Details

Pathways: [JAK-STAT Signaling](#), [Glycosaminoglycan Metabolic Process](#)

Application Details

Application Notes: Optimal working dilution should be determined by the investigator.

Restrictions: For Research Use only

Handling

Format: Lyophilized

Buffer: Lyophilized from PBS pH 7.4, 20 mg/mL BSA, and 0.02 % Sodium Azide

Preservative: Sodium azide

Precaution of Use: This product contains Sodium azide: a POISONOUS AND HAZARDOUS SUBSTANCE which should be handled by trained staff only.
