## Overview

|                      |                                                  |
|----------------------|--------------------------------------------------|
| Quantity:            | 150 µg                                           |
| Target:              | TXN2                                             |
| Binding Specificity: | AA 60-166                                        |
| Reactivity:          | Human                                            |
| Host:                | Rabbit                                           |
| Clonality:           | Polyclonal                                       |
| Conjugate:           | This TXN2 antibody is un-conjugated              |
| Application:         | Enzyme Immunoassay (EIA), Radioimmunoassay (RIA) |

## Product Details

|                  |                                                              |
|------------------|--------------------------------------------------------------|
| Immunogen:       | Human Thioredoxin-2 (60-166 aa) expressed in E. Coli.        |
| Characteristics: | Purified antibody validated for specificity and sensitivity. |
| Purification:    | Affinity Purified                                            |

## Target Details

|                   |                                                        |
|-------------------|--------------------------------------------------------|
| Target:           | TXN2                                                   |
| Alternative Name: | Thioredoxin-2 (TRX2) ( <a href="#">TXN2 Products</a> ) |
| Gene ID:          | 25828                                                  |
| UniProt:          | <a href="#">Q99757</a>                                 |
| Pathways:         | <a href="#">Cell RedoxHomeostasis</a>                  |

Application Details

|                    |                                                                    |
|--------------------|--------------------------------------------------------------------|
| Application Notes: | Optimal working dilution should be determined by the investigator. |
| Restrictions:      | For Research Use only                                              |

Handling

|                    |                                                                                                                        |
|--------------------|------------------------------------------------------------------------------------------------------------------------|
| Buffer:            | PBS pH 7.4, 50 % Glycerol, and 0.02 % Sodium Azide                                                                     |
| Preservative:      | Sodium azide                                                                                                           |
| Precaution of Use: | This product contains Sodium azide: a POISONOUS AND HAZARDOUS SUBSTANCE which should be handled by trained staff only. |
