## **anti-GORASP2 antibody (AA 1-452) (Biotin)**

[Go to Product page](#)

### Overview

|                      |                                                  |
|----------------------|--------------------------------------------------|
| Quantity:            | 150 µg                                           |
| Target:              | GORASP2                                          |
| Binding Specificity: | AA 1-452                                         |
| Reactivity:          | Human                                            |
| Host:                | Rabbit                                           |
| Clonality:           | Polyclonal                                       |
| Conjugate:           | This GORASP2 antibody is conjugated to Biotin    |
| Application:         | Enzyme Immunoassay (EIA), Radioimmunoassay (RIA) |

### Product Details

|                  |                                                              |
|------------------|--------------------------------------------------------------|
| Immunogen:       | Human GORASP2 (1-452 aa) expressed in E. coli                |
| Characteristics: | Purified antibody validated for specificity and sensitivity. |
| Purification:    | Affinity Purified                                            |

### Target Details

|                   |                                                                       |
|-------------------|-----------------------------------------------------------------------|
| Target:           | GORASP2                                                               |
| Alternative Name: | Golgi Phosphoprotein 6 (GORASP2) ( <a href="#">GORASP2 Products</a> ) |
| Gene ID:          | 26003                                                                 |

Application Details

|                    |                                                                    |
|--------------------|--------------------------------------------------------------------|
| Application Notes: | Optimal working dilution should be determined by the investigator. |
| Restrictions:      | For Research Use only                                              |

Handling

|                    |                                                                                                                        |
|--------------------|------------------------------------------------------------------------------------------------------------------------|
| Buffer:            | PBS pH 7.4, 50 % Glycerol, and 0.02 % Sodium Azide                                                                     |
| Preservative:      | Sodium azide                                                                                                           |
| Precaution of Use: | This product contains Sodium azide: a POISONOUS AND HAZARDOUS SUBSTANCE which should be handled by trained staff only. |
