## **anti-GTSF1 antibody (AA 1-167) (APC)**

[Go to Product page](#)

### Overview

|                      |                                                                                                          |
|----------------------|----------------------------------------------------------------------------------------------------------|
| Quantity:            | 150 µg                                                                                                   |
| Target:              | GTSF1                                                                                                    |
| Binding Specificity: | AA 1-167                                                                                                 |
| Reactivity:          | Human                                                                                                    |
| Host:                | Rabbit                                                                                                   |
| Clonality:           | Polyclonal                                                                                               |
| Conjugate:           | This GTSF1 antibody is conjugated to APC                                                                 |
| Application:         | Immunohistochemistry (IHC), Immunofluorescence (IF), Flow Cytometry (FACS),<br>Immunocytochemistry (ICC) |

### Product Details

|                  |                                                              |
|------------------|--------------------------------------------------------------|
| Brand:           | AssayLite™                                                   |
| Immunogen:       | Human GTSF1 (1-167 aa) expressed in E. coli.                 |
| Characteristics: | Purified antibody validated for specificity and sensitivity. |
| Purification:    | Affinity Purified                                            |

### Target Details

|                   |                                          |
|-------------------|------------------------------------------|
| Target:           | GTSF1                                    |
| Alternative Name: | GTSF1 ( <a href="#">GTSF1 Products</a> ) |
| Gene ID:          | 121355                                   |

Target Details

UniProt: [Q8WW33](#)

Application Details

|                    |                                                                    |
|--------------------|--------------------------------------------------------------------|
| Application Notes: | Optimal working dilution should be determined by the investigator. |
| Restrictions:      | For Research Use only                                              |

Handling

|                    |                                                                                                                        |
|--------------------|------------------------------------------------------------------------------------------------------------------------|
| Format:            | Lyophilized                                                                                                            |
| Buffer:            | Lyophilized from PBS pH 7.4, 20 mg/mL BSA, and 0.02 % Sodium Azide                                                     |
| Preservative:      | Sodium azide                                                                                                           |
| Precaution of Use: | This product contains Sodium azide: a POISONOUS AND HAZARDOUS SUBSTANCE which should be handled by trained staff only. |
