## Overview

|              |                                                                                                          |
|--------------|----------------------------------------------------------------------------------------------------------|
| Quantity:    | 150 µg                                                                                                   |
| Target:      | SERPINA7                                                                                                 |
| Reactivity:  | Human                                                                                                    |
| Host:        | Rabbit                                                                                                   |
| Clonality:   | Polyclonal                                                                                               |
| Conjugate:   | This SERPINA7 antibody is conjugated to APC                                                              |
| Application: | Immunohistochemistry (IHC), Immunocytochemistry (ICC), Flow Cytometry (FACS),<br>Immunofluorescence (IF) |

## Product Details

|                  |                                                              |
|------------------|--------------------------------------------------------------|
| Brand:           | AssayLite™                                                   |
| Immunogen:       | Human TBG purified from human plasma                         |
| Characteristics: | Purified antibody validated for specificity and sensitivity. |
| Purification:    | Affinity Purified                                            |

## Target Details

|                   |                                                                        |
|-------------------|------------------------------------------------------------------------|
| Target:           | SERPINA7                                                               |
| Alternative Name: | Thyroxine-Binding Globulin (TBG) ( <a href="#">SERPINA7 Products</a> ) |
| Gene ID:          | 6906                                                                   |
| UniProt:          | <a href="#">P05543</a>                                                 |

Target Details

Pathways: [Hormone Transport](#)

Application Details

Application Notes: Optimal working dilution should be determined by the investigator.

Restrictions: For Research Use only

Handling

Format: Lyophilized

Buffer: Lyophilized from PBS pH 7.4, 20 mg/mL BSA, and 0.02 % Sodium Azide

Preservative: Sodium azide

Precaution of Use: This product contains Sodium azide: a POISONOUS AND HAZARDOUS SUBSTANCE which should be handled by trained staff only.
