## Datasheet for ABIN5708682 Sudan Red ELISA Kit

### Overview

Quantity:	96 tests
Target:	Sudan Red
Reactivity:	Red pepper, Tomato
Method Type:	Competition ELISA
Application:	ELISA

### Product Details

Purpose:	The SUD (Sudan Red) ELISA Kit is a solid phase Competitive ELISA(enzyme-linked immunosorbent assay) for The quantitative measurement of Sudan Red in Tomato juice, Ketchup, Sambal, Paprika, Fodder, Egg
Sample Type:	Egg, Feed, Food, Juice
Analytical Method:	Quantitative
Detection Method:	Colorimetric
Specificity:	Sudan Red

### Target Details

Target:	Sudan Red
---------	-----------

### Application Details

Plate:	Pre-coated
Restrictions:	For Research Use only

## Handling

---

Storage: 4 °C

---

Storage Comment: 2-8°C. Avoid freeze/thaw cycles.
