## Datasheet for ABIN573271 K-RAS Protein (C-Term)

### Overview

|                          |                            |
|--------------------------|----------------------------|
| Quantity:                | 100 µg                     |
| Target:                  | K-RAS (KRAS)               |
| Protein Characteristics: | C-Term                     |
| Origin:                  | Hepatitis C Virus (HCV)    |
| Source:                  | Escherichia coli (E. coli) |
| Protein Type:            | Recombinant                |
| Application:             | Enzyme Immunoassay (EIA)   |

### Product Details

|               |          |
|---------------|----------|
| Purification: | Purified |
|---------------|----------|

### Target Details

|                   |  |
|-------------------|--|
| Target:           | K-RAS (KRAS)                           |
| Alternative Name: | NS-3 ( <a href="#">KRAS Products</a> ) |
| Target Type:      | Viral Protein                          |

### Application Details

|                    |  |
|--------------------|--|
| Application Notes: | Optimal working dilution should be determined by the investigator. |
| Restrictions:      | For Research Use only  |

## Handling

---

Preservative: Without preservative

---

Storage: -20 °C/-80 °C
