Datasheet for ABIN5776875
RAB27A Protein (Cys26 deleted)

Overview

Quantity:	50 µg
Target:	RAB27A
Protein Characteristics:	Cys26 deleted
Origin:	Rat
Source:	Escherichia coli (E. coli)
Protein Type:	Recombinant

Product Details

Characteristics:	Ras-associated, small GTP-binding protein
------------------	---

Target Details

Target:	RAB27A
Alternative Name:	Rab27 (RAB27A Products)
UniProt:	P23640
Pathways:	Peptide Hormone Metabolism

Application Details

Restrictions:	For Research Use only
---------------	-----------------------

Handling

Handling Advice:	avoid freeze/thaw cycles
------------------	--------------------------

Handling

Storage: -80 °C

Storage Comment: store at -80 °C

Expiry Date: 12 months
