Datasheet for ABIN5776886
RAN Protein (Glu70Ala-Mutant)

Overview

Quantity:	50 µg
Target:	RAN
Protein Characteristics:	Glu70Ala-Mutant
Origin:	Human
Source:	Escherichia coli (E. coli)
Protein Type:	Recombinant

Product Details

Characteristics: Ras-related nuclear protein, TC4

Target Details

Target:	RAN
Alternative Name:	Ran (RAN Products)
NCBI Accession:	NM_006325
Pathways:	Regulatory RNA Pathways , Intracellular Steroid Hormone Receptor Signaling Pathway , Protein targeting to Nucleus

Application Details

Restrictions: For Research Use only

Handling

Handling Advice: avoid freeze/thaw cycles

Storage: -80 °C

Storage Comment: store at -80 °C

Expiry Date: 12 months
