## Overview

|                      |                                                                                                                               |
|----------------------|-------------------------------------------------------------------------------------------------------------------------------|
| Quantity:            | 100 µL                                                                                                                        |
| Target:              | TFAP2A                                                                                                                        |
| Binding Specificity: | AA 1-100                                                                                                                      |
| Reactivity:          | Human, Mouse, Rat, Monkey                                                                                                     |
| Host:                | Mouse                                                                                                                         |
| Clonality:           | Monoclonal                                                                                                                    |
| Conjugate:           | This TFAP2A antibody is un-conjugated                                                                                         |
| Application:         | Western Blotting (WB), ELISA, Immunohistochemistry (IHC), Flow Cytometry (FACS),<br>Immunofluorescence (fixed cells) (IF/ICC) |

## Product Details

|               |                                                                                 |
|---------------|---------------------------------------------------------------------------------|
| Immunogen:    | Purified recombinant fragment of human TFAP2A (AA: 1-100) expressed in E. Coli. |
| Isotype:      | IgG1                                                                            |
| Purification: | Purified antibody                                                               |

## Target Details

|                   |                                            |
|-------------------|--------------------------------------------|
| Target:           | TFAP2A                                     |
| Alternative Name: | TFAP2A ( <a href="#">TFAP2A Products</a> ) |
| Molecular Weight: | 48 kDa                                     |
| Gene ID:          | 7020                                       |

## Target Details

|           |                                                                                                                                                                                                                                                                                                                                                            |
|-----------|------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|

|-----------|------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|

## Application Details

|                    |                                                                    |
|--------------------|--------------------------------------------------------------------|
| Application Notes: | Optimal working dilution should be determined by the investigator. |
| Restrictions:      | For Research Use only                                              |

## Handling

|                    |                                                                                                                        |
|--------------------|------------------------------------------------------------------------------------------------------------------------|
| Format:            | Liquid                                                                                                                 |
| Concentration:     | 1.0 mg/mL                                                                                                              |
| Buffer:            | Purified antibody in PBS with 0.05 % sodium azide                                                                      |
| Preservative:      | Sodium azide                                                                                                           |
| Precaution of Use: | This product contains Sodium azide: a POISONOUS AND HAZARDOUS SUBSTANCE which should be handled by trained staff only. |
| Storage:           | -20 °C                                                                                                                 |
| Storage Comment:   | Aliquot and store at -20 °C. Avoid repeated freeze/thaw cycles.                                                        |
