### Overview

|              |                                                  |
|--------------|--------------------------------------------------|
| Quantity:    | 100 tests                                        |
| Target:      | LILRA4                                           |
| Reactivity:  | Human                                            |
| Host:        | Mouse                                            |
| Clonality:   | Monoclonal                                       |
| Conjugate:   | This LILRA4 antibody is conjugated to PE         |
| Application: | Flow Cytometry (FACS), Functional Studies (Func) |

### Product Details

|          |      |
|----------|------|
| Isotype: | IgG1 |
|----------|------|

### Target Details

|                   |                                           |
|-------------------|-------------------------------------------|
| Target:           | LILRA4                                    |
| Alternative Name: | CD85g ( <a href="#">LILRA4 Products</a> ) |
| Gene ID:          | 23547                                     |

### Application Details

|                    |                                                                    |
|--------------------|--------------------------------------------------------------------|
| Application Notes: | Optimal working dilution should be determined by the investigator. |
| Restrictions:      | For Research Use only                                              |

Handling

|                    |                                                                                                                        |
|--------------------|------------------------------------------------------------------------------------------------------------------------|
| Format:            | Liquid                                                                                                                 |
| Buffer:            | PBS solution containing 15 mM sodium azide.                                                                            |
| Preservative:      | Sodium azide                                                                                                           |
| Precaution of Use: | This product contains Sodium azide: a POISONOUS AND HAZARDOUS SUBSTANCE which should be handled by trained staff only. |
| Storage Comment:   | Store in the dark at 2-8°C. Do not freeze. Avoid prolonged exposure to light.                                          |
