### Overview

|              |                                                                                                                           |
|--------------|---------------------------------------------------------------------------------------------------------------------------|
| Quantity:    | 100 µL                                                                                                                    |
| Target:      | IL-15 (IL15)                                                                                                              |
| Reactivity:  | Chicken                                                                                                                   |
| Host:        | Rabbit                                                                                                                    |
| Clonality:   | Polyclonal                                                                                                                |
| Conjugate:   | This IL-15 antibody is un-conjugated                                                                                      |
| Application: | Western Blotting (WB), Immunohistochemistry (IHC), Immunoprecipitation (IP),<br>Immunofluorescence (fixed cells) (IF/ICC) |

### Product Details

|               |                                                                                                    |
|---------------|----------------------------------------------------------------------------------------------------|
| Purification: | Purified by antigen-specific affinity chromatography followed by Protein A affinity chromatography |
|---------------|----------------------------------------------------------------------------------------------------|

### Target Details

|                   |                                                                                          |
|-------------------|------------------------------------------------------------------------------------------|
| Target:           | IL-15 (IL15)                                                                             |
| Alternative Name: | Interleukin 15 ( <a href="#">IL15 Products</a> )                                         |
| Pathways:         | <a href="#">JAK-STAT Signaling</a> , <a href="#">Glycosaminoglycan Metabolic Process</a> |

### Application Details

|                    |                                                                    |
|--------------------|--------------------------------------------------------------------|
| Application Notes: | Optimal working dilution should be determined by the investigator. |
| Restrictions:      | For Research Use only                                              |

## Handling

|                    |                                                                                                                    |
|--------------------|--------------------------------------------------------------------------------------------------------------------|
| Format:            | Liquid                                                                                                             |
| Concentration:     | 500 µg/mL                                                                                                          |
| Buffer:            | 0.01 M PBS, pH 7.4, containing 0.05 % Proclin-300, 50 % glycerol.                                                  |
| Preservative:      | ProClin                                                                                                            |
| Precaution of Use: | This product contains ProClin: a POISONOUS AND HAZARDOUS SUBSTANCE which should be handled by trained staff only.  |
| Storage:           | 4 °C,-20 °C                                                                                                        |
| Storage Comment:   | Store at 4 °C for frequent use. Aliquot and store at -20 °C for up to one year. Avoid repeated freeze/thaw cycles. |
